Fundraise for Dementia Australia and make every step count

Dementia Australia®

Every step, every challenge, and every celebration can make a real difference for Australians living with dementia and their families.

We're inviting you to turn your Australian Masters Games experience into something even more meaningful by fundraising for Dementia Australia.

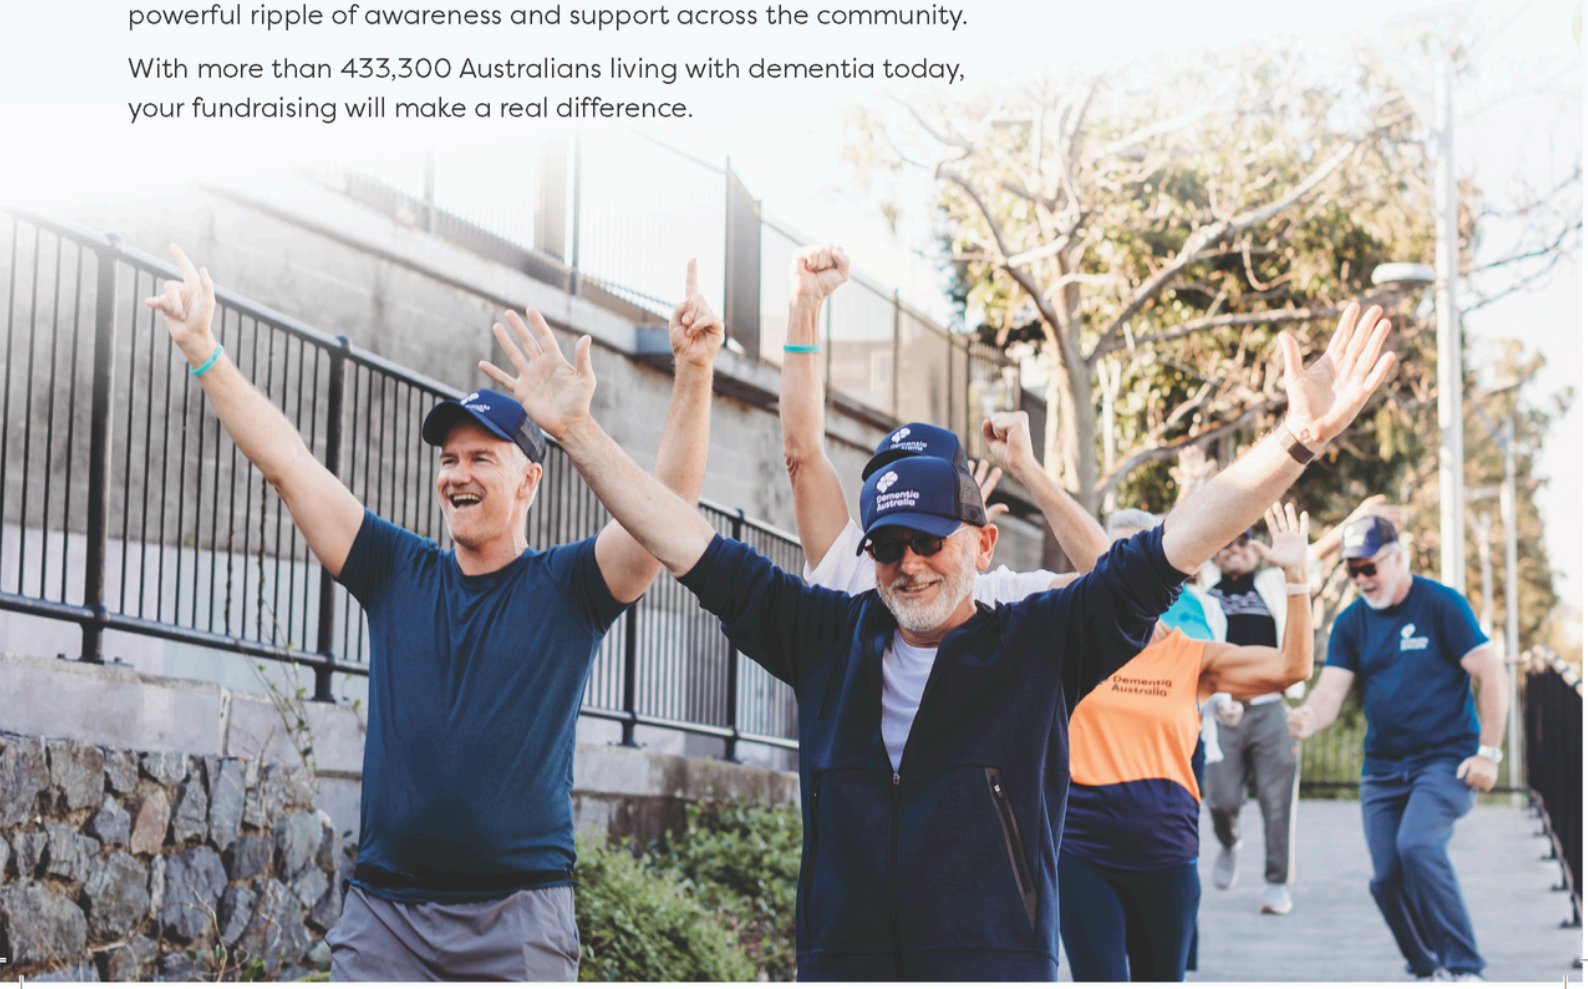

Every dollar you raise will help provide vital services such as counselling, education, and advocacy, as well as fund research to improve treatment and move us closer to a future where dementia is no longer the leading cause of death for Australian women and the second leading cause overall.

Whether you rally your teammates, set yourself a personal fundraising goal, or dedicate your efforts to someone special, you'll be honouring those impacted by dementia and creating a powerful ripple of awareness and support across the community.

With more than 433,300 Australians living with dementia today, your fundraising will make a real difference.

Sign up to become a fundraiser

If you or someone you know needs support, the **National Dementia Helpline** is available 24/7 on **1800 100 500** for free, confidential information and advice.
